fessor of the Indian Institute of Mana gement, Ahmedabad and his being considered for appointment as Direc tor.

(c) to (e) Pacts of the case were collected from the Institute. It has been confirmed that the Professor concerned earned US $ 10,000 as royalty from the World Bank. The Chairman has directed that, to avoid recurrence of such embarrassing situations and to ensure fairness, the rules and norms, governing individual income and related matters should be clearly formulated by the Institute.

SHRI TINDIVANAM: G. VEN-KATSAMAN: Sir, I have seen the reply. I would humbly submit that the question has not been answered properly. The royalty, the amount, received we 3 10,000 dollars. According to the Institute's regulations, one-third has to be given to the faculty. It has not been given. What has happened to this amount?

SHRI CHIMANBHAI MEHTA: Sir, royalty is not sharable. Consultancy fee is sharaale. This is, generally, the guideline bning observed. *(Interruptions)* Royalty is not parted with. It is kept with the person concerned who is the author. It is kept with the person with whom the contract is signed. It is only royalty. Therefore, there is no question of parting with that amount with the Institute.

SHRI TINDIVANAM G. VENKAT-RAMAN: I beg to differ. The Committee has found out. It is only consultancy fee. One-third of it has to be shared with the Institute. This has not been remitted. They also recom-mended it.

Moreover, a senior professor, one Mr. V. L. Mote, has been overlooked. This point also has to be answered.

SHRl CHIMANBHAI MEHTA: Sir, this is the reply given by the Director. *(Interruptions,)*,

SHRI S. K. T. RAMACHANDRAN: I would like to ask the hon. Minister whether he is the proxy of the Director?

SHRI CHljMANBHAI MEHTA: Royalty amounts have never been shared in the Indian Institute of Management, Ahmedabad, in the past. It is, however, well-understood that the definition of 'royalty' is limited, to the income earned from the regular publication of books and periodicals in terms of an explicit and implicit contract. So, there is no ques-ton of consultation fee. In the contract that is signed, the letter that the World Bank has written to the Professor concerned, the word 'royalty' is mentioned.

Secondly, about somebody being overlooked in seniority, now the appointment of Director in the IIM is not on the basis of seniority. There is a selection committee, threeman Committee, which goes into that question. They look into the qualifications, etc. of all the persons throughout India. The Director should not be from the same Institute. Therefore, the question of seniority does not arise.

SHRIMATI MARGARET ALVA: This is the one hundred and second committee which has been appointed up till now. Every time they are talking about a committee.

SHRI TINDIVANAM G. VEN-KATRAMAN: It is not royalty, it is consultation fee only. A majority of the members of the faculty have said that the professor concerned should be sacked. He has pocketed the en-tbe money. That is the finding. According to the news report he should remit one-third to the Institute.

MR. CHAIRMAN: Have you got any other information other than the press report? Are you depending on the press report only? is there the

recommendation of the Board of Directors that he should be sacked?

SHRI TINDIVANAM G. VENKATRAMAN: Yes, yes, it is there. The question arises on the basis of the press report.

SHRI CHIMANBHAI MEHTA: No, Sir, there was no such recommendation. They have not said anything whether he has committed any misconduct or violation of the rules or the law of the Institution.

SHRI G. SWAMINATHAN: Sir, coming to the general question of management of these management institutes I would like to ask whether it is a fact that a lot of disparaging remarks are being published in the press regarding the management of these Management Institutes, whether it is in Ahmedabad, Hyderabad or Bangalore, or even I have heard about Calcutta. There is a highly professional faculty in these IIMs, but it is reported that the whole faculty is demoralised. The financial position is not viable, it is going into losses and the students are also not benefited. This Institute was started long ago. Will the Government form a Committee to find out what is worng with these Institutes and see bow they could be revamped?

Secondly, about the graduates who are being produced by these Management Institutes, there has been a feeling among the Indian industry that they have no commitment. They want to go to prosperious industries only and do not want to be contribu-tive. The whole back-up of the educational system is USA-based and not based on the requirements of our country. Will the Government come up with a curriculum which will help them to be contributive to our industries and not to have a way of life which seems to be alien to the industrial climate of India?

SHRI CHIMANBHAI MEHTA; Sir, the hon. Member has made some vital observations. About the new curriculum, the Education Review Com. mittee is looking into all these aspects.

About the Committee to go into all these committees, whether they are functioning or not, that also will be looked into. *(Interruptions)*. But the lady Member is objecting to all the committees. *(Interruptions)*. Do you want only one answer?

SHRI SAT PAUL MITTAL: You appoint another committee to go into the functioning of these committees.

SHRI CHIMANBHAI MEHTA: If there is any written complaint, we will look into it. Till then the question of appointing a commitee does not arise. The hon. Member has said that their outlook in USA-based, that i.here is no commitment, they have to reorient the students and all that, all these questions are of vital canvas and they do not arise out of this question.

श्री शंकर दयाल सिंह : सभापति महोदय, मैं मंत्री महोदय से यह जानना चाहता हूं कि इंस्टीट्यूट आफ मैनेजमेंट, अहमदाबाद के बोर्ड आफ डायरेक्टर्ज का गठन कब हुआ था और उसका कार्यकाल कब समाप्त हो रहा है? दूसरा प्रश्न यह जानना चाहता हूं कि **(व्यवधान)** चलिये, आप एक ही प्रश्न का जवाब दे दीजिये।

MR. CHAIRMAN: Question Hour is over.

WRITTEN ANSWERS TO QUESTIONS

Power generation by the Narora Atomic Power Plant in Uttar Pradesh

*4. CHOWDHURY HARI SINGH: Will the PRIME MINISTER be pleased to state:

(a) what is the power generating life of the Atomic Power Plant at Narora in Uttar Pradesh;
